Procedure	**Result**
BACTERIAL CULTURE	(continued...)
	No bacterial growth after 48 - 72 hours incubation

LIMITATION OF PROCEDURE
As with all diagnostic tests, a definite clinical diagnosis should not be based on the results of a single test, but should be made by physician after all clinical and laboratory findings have been evaluated. Please notify the Lab to repeat the test if clinical suspicion and/or clinical symptoms is in discordant with our results
For consultation by referring doctors only, please call:
Dr Simmy Waner +2711 358 0800
Dr Juanita Smit +2711 358 0800
Dr Keshree Pillay +2711 358 0800
